1. The following is an examiner's statement of reasons for allowance:

As argued by applicant the prior art, specifically Famolare, Jr. which is the closest prior art directed towards location of the portion of the upper having fastening elements thereon does not show the portion being made from a material with loops on one side and hooks on the other and furthermore providing such a material with the fastening means extending from the throat to the sole of the footwear. As applicant has argued since the patch of Famolare is attached to the upper after the shoe is formed, the patch does not extend to the sole and it is clearly shown as not extending to the sole in figure 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
